

DC Guardians are so very important for every mission!

### **What is a DC guardian?**

DC guardians meet us at Reagan National Airport on flight morning and are with us all day long until we return to Reagan National. DC guardians are extra hands and help our Columbus Guardians. DC guardians are active military, retired military, and civilians. DC guardians are those who love our senior Veterans and come to help wherever needed!

There is no cost for our DC Guardians. Lunch and dinner are provided...along with water bottles all day long!

Do you live and/or work in or around DC, Maryland or Virginia and could help out on our flights?

If so, please reach out to Beth Johnson, Executive Director, to get all of the info!

Believe us when we say you will have an AMAZING DAY with these senior Veterans! Thank you for your continued support of the Honor Flight Columbus mission - to Honor, Share, and Celebrate our Veterans!
